Our time in Costa Rica was wild!! Each time we took a risk, God stepped up and released his Spirit!! It was amazing for our team to get caught up in God's love for the people of this nation and to see him pour out his faithfulness!

WHAT IS CRSSM?

CRSSM is an on-location ministry school where what you learn today will be put into practice tomorrow. We provide Christian leadership development, ministry equipping and hands-on mission training for Spirit-filled students from around the globe.

TEN-WEEK SCHOOL OF MINISTRY

Our mission is to produce passionate Kingdom builders while impacting the region for Christ. We're committed to the truth that God loves people, gave Himself for them and has given His Church the supernatural power to bring individuals and nations into wholeness. It is our goal to train students to continue in the ministry style of Jesus: to enjoy the presence of God, say what He is saying and do what He is doing. We aim to create a "teach and do" culture where all of our students are expected to take risks to stretch their faith and grow in their understanding of God. The school is designed to equip students to live a supernatural lifestyle, bringing heaven to earth wherever they go.

SPEAKERS

Academic instruction is taught by apostles, prophets, evangelists, pastors and teachers, giving the learning experience a living perspective with a five-fold distinction. Students receive lessons from high-profile, international speakers who are anointed not just to teach but to activate in others the anointing they carry.

”

Our school's focus is worship and the presence of God. We are committed to pursuing intimacy, power, passion, and God's living Word, and experiencing an atmosphere always overflowing with the Holy Spirit.

Steve Hertzog, Founder, CRSSM

SCHOOL OF WORSHIP

Those students who are skilled and called to lead worship will receive specific training in the school of worship which operates within the ministry school umbrella. Musicianship is a prerequisite, as our distinctive is to mentor the heart of the worship leader and activate the ability to host God's presence. This is done in practicum, with students receiving real-time guidance while they lead worship in small groups as well as in the larger all-school worship sessions. As the school progresses, worship school students will also have opportunity to participate in training local worship teams.

OUTREACH

One of the primary reasons for hosting a school in Costa Rica is to literally begin to transform the nation. Our prayer is that we will be able to recognize, through the power of the Holy Spirit, the ways that the Lord is moving in the nation, specifically in His Body, and flow with His movement. We need to anticipate that the Lord will be using us to carry breakthrough into churches, bringing new wine into new wineskins.

STUDENTS

Our students are English-speaking, Spirit-filled believers from around the world. Whatever their God-given calling, they possess in common a hunger for a move of the Holy Spirit and a longing to see God's Kingdom come to earth. We are a multigenerational school where students of all ages learn to create a culture of honor, serving one another in love. Students must be responsible, teachable and fully committed and submitted to their local church body.

”

You'll live, learn, play and love 24/7 in community, building lifelong relationships with like-minded lovers of Jesus.

Judi Hertzog, Founder, CRSSM

TEN-DAY OUTREACH TRIPS

CRSSM also hosts short-term ministry outreach trips. These 10-day trips are for Spirit-filled believers who are mature in their faith and are operating in their spiritual gifts with boldness and humility, ready in season to bring a word, testimony, song or prophecy as Holy Spirit directs. The emphasis for these trips is ministry to local churches, hospitals, schools, prisons and street corners, bringing salvation, healing, deliverance and prophetic ministry as the Lord leads.

Pilon de Pavones, Costa Rica

Near the border of Panama on the Pacific side, CRSSM is located in the southeastern corner of Pavon Bay between Playa Zancudo and Pavones. The campus is nestled on a hillside approximately one mile from the beach.
